EXPERIENCE THIS PLACE!!!

"When I say experience boy do I mean experience. Facials, Laser, Waxing, Makeup, its all they do and let me tell you they do it better than the Bellagio, or any other place I have ever been and I have been all over the world. Clients come from near and far, Canada, Florida, New York, Colorado and France. The atmosphere is out of this world, cozy and warm. Jamie Lee Metz and her team are the BEST!!!"

THE MOST AMAZING PLACE ON EARTH!

"This spa has it all! From the welcoming front staff, to the master aestheticians, I would highly recommend this spa to anyone! The environment is a warm, classy victorian theme with every attention to detail. I would highly recommend the Girls Day Out Facial- affordable, but a 5 Star Spa Package that lasted 2 hours! Whether you are giving yourself a much needed treat or getting that special someone an unforgettable gift, this is the answer! This spa is by far the most relaxing, affordable, and professional place on earth!"
